Hello again Total Locals Club members,

Summer tomatoes – they are all I can think about right now. And blueberries of course and then there is the corn, the peaches and apricots...it is a veritable cornucopia of delicious riches. Every little town around here has a farmers market going on where you can stroll and marvel at all that our area produces. Life feels pretty good right now. The days are long, the weather is near perfect with hot sunny days and a cool blanket of fog that rolls in just in time to light the BBQ and start grilling. I am definitely a bit food obsessed right now, can't you tell? My brother and I are scheming about a new food product under the Locals brand...so look for more about that in the near future. Joe Ramozzatti has just added a great Olive Oil and Red Wine Vinegar to his lineup so let us know if you would like to give that a try. And our Geyserville Honey is so good drizzled over some vanilla ice cream with grilled peaches....yummy!

As some of you know, Diane is still working with us from afar, well it is just Florida but it feels far away. She has come up with some [wonderful recipes](#) for you to try with your wine selections this quarter. [Click here to check those out.](#) In the not too distant future Locals is planning a little road trip to Florida so if you are a club member living anywhere around Miami let me know if you would be interested in hosting a "Locals on the Road" get together and I will send you more info about our plans. We are also thinking about doing this in other places around the country so if that sounds of interest and you have a few wine drinking (and buying) friends send me an email at carolynlewis@gmail.com and we can chat about it.

Here is all the information about the wines included in this collection. We welcome Ehret Estate from Knights Valley to Locals, (it only took me nine years to get these guys) and I know you will enjoy not only

this wine of theirs but all the others as well so check that out online. Keep up with us on Facebook here www.facebook.com/LocalsTastingRoom and enjoy the rest of your summer.

Pricing and discount details follow...but first a word about summer shipping. For any wines going to hot areas, we have decided that in the interest of keeping you all as happy as possible, we will pick up the additional expense of sending you your wines via two day shipping. We will be using cold trucks which should help to avoid any problems. For those of you in California we will be using Golden State Transit in some areas as they will provide a two day service. There will be no additional charge to you for these shipping upgrades. Please also keep in mind that we are one of the few wine clubs willing to store your wine, temperature controlled pretty much indefinitely. Just let us know if you would prefer that option.

As always, please don't forget to take advantage of your \$1 per case shipping promotional window starting Friday, August 26 and ending on Friday September 2nd. (Please note that the **maximum** order for \$1 per case shipping is three cases per club member with a **maximum of one case to Alaska and Hawaii**). Your 45-day follow up discount applies to all orders placed by September 6th and your discount shipping code is TLWC45DL

That is all she wrote this time around. It is summer relaxation time with a capital R and I am off to do just that.

Cheers,

Carolyn
